Such women are not fit to raise children in God's world; also their carelessness in not looking after their children's rooms, where may be hidden many evils. Favor is deceitful and beauty is vain. Favor is deceitful and beauty is vain. The present girl's highest ambition is to be pretty, but there is a higher ambition—to something higher. Beauty is God's promise to do something in this world. Where are the vigorous woman, the rosy-checked girl—they followed the leaders of fashion until they became ruined in health. Common sense in dress in woman is exceeded by men. If a sunflower, kneeders of the property of the propert him up, throw him out and call him a

We I demand that our young men should demand that our young men should be as pure as our young women. Woman will hold on to God by faith and will ultimately triumph. A woman who is not a Christian in the United States should be a monstrosity in the moral world. Go where Christianity does not prevail in foreign parts and you will find them abject slaves. SATURDAY'S PROCEEDINGS.

Saturday was the second day of the Moundsville campmeeting, and in at tendance and enthusiasm it was a complete success. The first event on the programme was a sunrise prayer meet-ing at 6 o'clock, followed at 8:30 by a general class and experience meeting, which was very interesting and enjoy-

The 10:30 service started promptly in the auditorium. The singing was conducted by Prof. Excell and a large choir.

EAST LIVERPOOL POTTERIES Will Run on Part Time to Give Operatives Funds.

The initials "W. C. W." appear signed to an article in the East Liverpool News Review on the pottery situation. They will be recognized as standing for the name of W. C. Watson, one of the best known men in the pottery business of this section. He says that owing to the general business depression some of the potteries there will suspend temporarily, but will resume as soon as possible, while some of them will run two weeks and shut down two weeks alternately so

The writer adds: "It should not be necessary to call the attention of the public to the causes leading up to the shut down of all our works.

land and the Democratic party to pow-er England congratulated herself, the free traders of the city of New York jubilated, and trade began to wane, and if the party in power does not back down from their platform the worst has not come. Cleveland's message has not restored confidence, neither will any action of Congress in the present hands encourage or restore confidence and encourage or restore contained and trade, except it be to at once declare in favor of protection. This they will not do unless the laboring man and the business man make thomselves heard and felt by their representative in Con-gress. We ask now what right has a gress. We ask how what right has a free trader to represent this city or dis-trict in Congress? but such is the case, as our representative is quoted as saying in a place of business near the Diamond that he was in favor of free and abso-lute free trade in wool but was noncommittal on pottery. Does he not know that if he cuts the tariff on wool that the farmer representative will cut the manufacturer he represents? It is time, way past time for the people to their own country, their own city and their own home and fireside. It is said experience is a great teacher, you are having your first reader in tariff reform having your first reader in tariff reform Democratic ideas. Do you want to graduate a homeless tramp? It so, go on down the path of idleness, poverty and want. If not wake up, put your voice, your vote and your influence on the side of home protection; be notled by false gods and ignorant political tricksters. And if you need advice, take it from those who prosper; from those who have made the country what it is from those who give work, and it is; from those who give work, and not from those who destroy and take it

A HIGHWAY ROBBERY

At an Early Hour Yesterday Morning on the South Side.

THE THREE ROBBERS ESCAPE SAFE

After Holding up William Zuerweck and Taking his Money-A Desperate Murderer from Tennessee Arrested in Brooke County-Several Robberies and other Crimes Reported Saturday.

Between 2 and 3 o'clock yesterday morning a very bold robbery was perpetrated on a public thoroughfare in the Fifth Ward, and so far no clue to the robbers has been obtained. William Zeurweck, of the South Side, was going to his home from uptown at that time, and had to pass through the alley across from the lower market house, from Market to Chapline street. While in the alley three men attacked him, one big fellow holding him in such a way that he could not move his arms or way that he could not move his arms of hands, while another clapped his hand over Zuerweck's mouth, and the third in a leisurely manner went through the victim's pockets, examining everything in them and taking between \$12 and \$13 and one or two small articles.

Zuerweck, positied, the police, but

Zuerweck notified the police, but there was no clue to his assailants, and it is doubtful if he could identify them if he saw them again.

This robbery occurred only a few teet from the spot where the late Po-liceman Joe Glenn was killed by bur-glars who were trying to break into Mr. John G. Hoffmann's house from

county, and Deputy Sheriff Joseph M. Beard went out to Collier's Station and arrested Lewis Pemberton, who was brought to this city and lodged in jail as a fugitive from justice in Tennessee. It is charged that on

the first of February last Pemberton, while resisting arrest in Huntsville, Tenn., shot and killed Deputy Sheriff Rosser.

The murderer escaped and came north. He has been about Collier's for several months. He is described in the circulars concerning him sent out by the Tennessee authorities as a desperate character. When the officers came upon him Saturday he was found reclining with his head on his girl's

He was covered with a revolver, and threw up his hands and surrendered. In his pockets were found two revolvers. News of his capture was telegraphed to the sheriff at Huntsville.

NUMBER OF ROBBERIES.

An Epidemic of Petty Thieving Experienced Saturday.

A number of petty robberies occurred throughout the city Saturday. A man giving his name as Robert Kendall, claiming his home to be Fairmont, was arrested by Marshal Gocke, of Benwood, for robbing an unknown man at Benwood Junction. The victim was sleeping in the waiting room at the Junction, and was robbed while asleep. Kendall was arrested in the afternoon, and a part of the money, \$7.25, was found upon his person. He was taken before Squire Riddle and committed for

Henry William Clark, who hails from the Smoky City, was arrested in the city in the afternoon for purloining a coat and vest from the store of J. W. Ferrel, on Market street below the bridge. He took the clothing to a saloon keeper to whom he pawned it for \$1 and then proceeded to get drunk, and then went to sleep, when it is sup-posed that he was robbed. When arrested he had but one copper cent. His hearing came off in the evening be-fore Squire Gillespy, when he pleaded guilty to the charge and was given a sentence of forty days.

Ed. Stephens about two months ago robbed W. H. Snyder, of Benwood, of a gold watch, but escaped at the time. Snyder spotted his man on the South night and docketed for police court this morning, three of them plain drunks, as follows: Robert Kontharr, by Chief McNichol; John Smith, by Officer Scally, and John Holan, by the same officer. Herbert locked up J. W. Hines for discalled by conflict.

Snydor spotted his man on the South Side Saturday, and notified an officer, who arrested Stephens, who is now confined in the city bastile.

Winfield Bagley, the colored sport and musician was arrested charged with robbing Mattie Weaver of a pair of eye glasses. Justice Gallespy conducted the hearing Saturday evening, and fined the young man \$10 and twenty days in jail. In defauly of the money he gets forty days incarceration. Bagley, it will be remembered, is the colored heavy-weight fighter who was in a go last winter at Seibert's.
